

Dear Parent/Student:

1. Please be informed that the Carlisle Area School District is a "sponsoring" school district for the Harrisburg Area Community College (HACC), This means that the district will pay a percentage of each eligible resident's tuition.
2. HACC is a two-year post high school institution approximately 25 miles from Carlisle. It currently charges a per credit rate of \$70.50 for residents of non-sponsoring school districts and a tuition rate of \$141.00 for persons who attend but do not reside in a sponsoring school district or are not eligible.
3. In order to take advantage of this reduced rate, it is required that residency within the Carlisle Area School District be legally established by July 1st. Parent residency is not sufficient to access this tuition reduction. Only student residency as validated by being on the tax rolls enables you to get this reduced rate. To have their name placed on the tax roll the student must complete the necessary paperwork at the Cumberland County Court House. Students with current residence in the Carlisle Area School District must be on the tax rolls as of October 15, 2002.
4. There are no exceptions to this policy. If your son or daughter anticipates using this educational opportunity either now or possibly sometime in the future, they need to register accordingly.
5. Please call the Ed Center (717) 245-3943 or DSN 242-3943 to get more information on this matter.
